Some Very Serious Business Has Been Underway In Young J. B. Ray's Back Yard. For What It Was, See Page 5.

Plot Aimed At Castro Blocked

... UNITED STATES BLAMED

Havana (UPI)—The Cuban government announced Sunday it had arrested 12 men — whom it identified as CIA agents — for planning to assassinate Premier Castro with a bazooka, hand grenades and machinegun.

A statement issued by the minister of interior said the men were arrested in 3 provinces and were in the pay of the United States' Central Intelligence Agency. It said that they were equipped with radio transmitters, code messages and arms, including machineguns, rifles and bazookas.

In Washington, the State Department declined comment. But some U.S. officials termed the Cuban charges another attempt to discredit the United States and the CIA.

The government said the group had several plans to kill Castro including the "Sport City" plan, the major effort. This plan called for the conspirators to hide in a garage in front of the Sports Center with their arms and wait for Castro to pass, the announcement said.

Plan Detailed

It said the plan called for one car to race out and block the way when the bearded premier appeared and for a jeep to approach from behind and shoot him with bazookas and machineguns. An expert in the use of hand grenades would be hiding across the road in a station wagon to go into action when the jeep started firing.

One of those arrested in Oriente and Las Villas Provinces

and in Havana was Luis Torroella, 30, a Cuban citizen married to an American. The government said his job was to coordinate and organize counter-revolutionary activities in Oriente Province.

The ministry's announcement quoted Torroella as saying his so-called "Democratic Revolutionary Front" was the only organization to send spies to Cuba. It said he was recruited by Rulo Lopez Fresquet, one time treasury minister in the Castro government.

Announcement of the arrests followed stepped-up government activities against increasing counter-revolutionary activities throughout Cuba.

American Executed

Havana a radio announced Saturday night that American William B. Patton (also identified as William Patten Tabares) was executed in Camaguey Province for crimes "against the powers of the state." Five Cubans were executed in Havana's Cubana fortress.

The executions were carried out only a few hours after their war crime trials in which 70 persons were convicted and sentenced to terms up to 30 years.

2-Car Crash Near Auburn Kills Dakotan

Auburn, Neb. (UPI)—Edwin D. Karl, Gregory, S.D., was killed Sunday and 4 other persons injured in a two-car, head-on collision on U.S. Highway 73-75 near here.

Hospitalized but reported in apparently not serious condition were Mr. and Mrs. Joe Novotny and their son, Eddie, 13, of Omaha, and Jack C. Lyon, 57, Topeka, Kan.

Karl's 8-month old child was uninjured.

The Novotnys and Karl and his child were in one car. They were going to visit friends at Pawnee City, Neb. Lyon was alone in his car.

The death raised the Nebraska highway toll to 238, compared to 195 at this time last year.

W. R. SWANSON

ARKANSAS TRAINS HIT; 20 INJURED

Bay, Ark. (AP)—A Frisco freight train derailed into a parked passenger train Sunday night and at least 20 passengers were injured.

There were no deaths reported, but attendants at a Jonesboro, Ark., hospital said at least 5 of the victims were considered critical.

Frisco officials at Memphis, Tenn., said the passenger train had been moving onto a siding to let the freight pass. The cause of the derailment was not known.

Authorities quoted passengers as saying the freight train "just started coming apart" as it got about halfway past the standing passenger train.

Freight cars skidded off the rails into the side of the diesel engine, two baggage cars and one coach which made up the passenger train.

Applewhite Has Slim Hold On Life

Midland, Tex. (UPI)—Singer Charlie Applewhite hung onto life Sunday in a Midland hospital, his legs mangled and his face smashed in a plane crash which killed his wife and an oil company executive.

He had not been told that his wife Nancy, also 29, and longtime friend Robert McGannon, 35, president of the Republic Mud (oil well) Co. of Dallas, were killed when their light plane crashed Friday just short of the runway at the Midland Air Park.

Applewhite became well known in the mid-1960's with his recordings of "Cherry Pink and Apple Blossom White" and "Ebb Tide."

NUCLEAR WEAPONS USE GUARANTEED

Sheriff Fiddles To Win

By DEAN TERRILL
Southeast Nebraska Bureau

Brownville — The lowdown on Nebraska's big hoedown is that a foot-stompin' deputy sheriff is the state's first champion oldtime fiddler.

Big Ed Mahoney of Falls City made the capture at the 5th annual Brownville fall festival, outplaying 17 other contestants. Some 150 musicians participated in the 4 divisions of the country music contest — their rhythm already bringing a promise to make the affair an annual one.

Sonny Traut of Plattsmouth was adjudged overall winner — he took first place in the country singers' division.

A morning shower cut visitors to a fraction of the anticipated 15,000, and forced postponement to next Sunday of several events. A mong these are a parade, dedication of Boettner park by Gov. Frank Morrison, and some craft displays.

The show did go on, temperature notwithstanding, for rubber-suited members of Omaha's Carter Lake Ski Club. So did the fund-raising sale of \$1-per-square-inch "deeds" to property on the historical old land office site.

"We hope to purchase the site and re-create the office in time for next year's Home-Stead Centennial," enthused Mrs. Adolf Wensien, society secretary.

Fiddling, Enforcement

Deputy Mahoney, 61, is nearly as well known in southeast Nebraska for his fiddling as his law enforcement. Before taking his present Richardson County assignment, he was Johnson County sheriff for 12 years and Tecumseh police chief for nearly 4.

"But I've been playing since I was a kid of 7, and practically my whole family is in music," he beamed.

His daughter, Mrs. Eugene Daniels of Wahoo, was among 3 musicians accompanying her father as he sawed out "Hughes' Hornpipe in B Flat, G Minor." His son and daughter-in-law, the Jack Mahoneys of Tecumseh, were in the finals of western singing.

Aided by Ken Kuhl, also of Tecumseh, the two Mahoneys captured second place in the country combo class. First spot in that division went to Don Beesley of Protescue, Mo.

The first-place guitar pickers turned out to be George and Johnny Kuti of Omaha. The deputy sheriff edged out Harry Hanson, Gordon farmer who doubles as first-chair violinist in the symphony orchestra of Chadron State Teachers College. In 3rd place was Cyril Stinnett of Fillmore, Mo. — one of two left-handed fiddlers in the contest.

Another unusual entry was that of Mrs. DeLores DeRyke of Lincoln, with Mrs. Lena Hughes of Carrollton, Mo. comprising the only women fiddlers.

In addition to the fiddler division, there were 23 singing contestants, 7 guitarists and 9 combos.

LAWS FOR OUTER SPACE

Where does established law end, and the need for new laws begin?

New problems and needs in the world of outer space are constantly coming under consideration.

Andrew G. Haley, general counsel for the international Astronautical Federation and the American Rocket Society, today discusses space law, something he was working on as long as 5 years ago.

See "Wonders Of The Universe" on the editorial page.

-GM STRIKE ENDS-

Auto Workers Threaten Ford

Detroit (UPI)—The United Auto Workers Union ended the two-week-old General Motors strike Sunday night but immediately threatened another walkout — against Ford Motor Co.

The UAW's executive board ordered all GM local unions still on strike to withdraw their picket lines at midnight and said all its 310,000 members at the world's largest manufacturer should report for work Monday.

Thus, the UAW officially closed a strike which started Sept. 11 over local issues, once idled a quarter million workers and closed nearly 100 plants. But nearly all the plants had settled their disputes by the time the board met.

At the same time, the union authorized a strike against Ford Motor Co. but set no deadline for a walkout there.

DAG EULOGIZED

New York (AP)—Dag Hammarskjöld was eulogized at special church services Sunday as a peacemaker who will live in human memory as long as quality, excellence and self-sacrifice are respected.

If Berlin Situation Requires

Washington (AP)—Att. Gen. Robert F. Kennedy said Sunday night there "is no question" that his brother, President Kennedy, would use nuclear weapons if necessary to save the freedom of Berlin.

"If we retreat we will never be able to stand up again," the attorney general said. "... the President has said again and again if we don't stand up in Berlin when can we stand up."

The attorney general, appearing on a television interview, predicted Soviet Premier Khrushchev would continue to push the President hard on the Berlin question. The Soviet leader wants to push the Allies out of West Berlin.

"He will push him to the wall," Robert Kennedy said, adding that "if he (Khrushchev) miscalculates the world could be destroyed. I would hope that in the last few weeks he would have come to the realization the President will use nuclear weapons."

The attorney general's remarks were the second reported from a cabinet minister Sunday that the United States would not hesitate to fight with nuclear bombs if necessary. The New York Herald Tribune, in a Washington dispatch, quoted Secretary of Defense Robert S. McNamara as saying America would respond to an attack with nuclear bombs of any size and quantity.

Both the attorney general's and McNamara's comments were in response to questions based on a Senate speech Thursday by Sen. Margaret Chase Smith, R-Maine, that the Kennedy administration's buildup of conventional weapons was equivalent to telling the Russians the United States would not use nuclear arms.

Kennedy said "both we and our allies" will be prepared to use them. He said the administration had spent \$2 billion extra on nuclear weapons in addition to bolstering conventional forces.

Questioned on how the nuclear arms, now under American control, Kennedy said "there are certain agreements as to when they can be used."

He stated emphatically Western conventional forces also could be employed effectively against the Russians in spite of their generally recognized superiority in this field.

President Prepares U.N. Talk

New York (UPI)—President Kennedy arrived here Sunday night to deliver a major speech to the United Nations in which he is expected to restate vigorously America's determination to stand firm in West Berlin and call for continuation of the world body's one-man secretariat.

Kennedy went into immediate conference with Secretary of State Dean Rusk and other officials to discuss recent developments in the U.N.

The speech which Kennedy will deliver to the U.N. General Assembly Monday morning ranges in topical emphasis from the crisis in Berlin to the need for maintaining a powerful United Nations under a secretariat which will not be dominated by any one power bloc.

White House Press Secretary Pierre Salinger said the address would take about a half hour. He said it was "practically completed" before Kennedy left Cape Cod.

VIEW OF NEBRASKA KEEPERS—

'Board Becomes Dead Horse; Sharp Staff Could Give Life'

By BETTY PERSON
Star Staff Writer

State Railway Commissioner Wayne R. Swanson thinks the commission is becoming a "dead horse," and that the only way to "pump life" back into it would be the employment of a "real sharp staff."

To enable the hiring of a staff of accountants, rate experts, engineers and attorneys specialized in the field of utilities, Swanson would require that all utilities under the commission's jurisdiction pay their share of the agency's costs.

Fees collected from the licensing of motor carriers and warehouses contribute substantially to support the commission's activities, Swanson said, "and if the railroads and telephone companies also

paid, the Legislature wouldn't have to appropriate 5 cents to the commission."

'No Rubber Stamp'

The commission is "no rubber stamp office," Swanson opines, and since it moves in controversial areas which have considerable effect upon the daily lives of all Nebraskans, it is important that its decisions have the backing of solid facts produced by an expert staff.

Swanson, 46, now serving his first term as one of the 3 members of the Nebraska State Railway Commission, plans to seek re-election to the office again next year on the Republican ticket.

As often happens to persons in public office, Swanson's interest in public service and political life was generated by his father, Leo Swanson, who

was Nebraska Commissioner of Public Lands and Buildings the last 4 years that office was in effect. It was replaced by the Board of Educational Lands and Funds.

Studied Politics

Recalling that his father was the only elected Republican state official at a time when the Democrats were holding forth in strong fashion, Swanson said he spent quite a lot of time at the Capitol with his father and "made a pretty thorough study of Nebraska politics."

The long-time interest did not manifest itself, however, until he successfully ran for the post of railway commissioner in 1956.

A native of Omaha where he attended public schools and was graduated from high school, Swanson was the

owner of an excavating business, and was a plumber.

He is a member of the Baptist Church; Fraternal Order of Eagles, Aerie No. 154; I.O.O.F., Jonathan Lodge No. 225, and Masonic Order No. 281.

Swanson is married to the former Ruth McDonald of Pappillon, and the couple has two daughters: 14-year-old Joanne Kay, a student at Millard Lefler, and 8-year-old Carolee, a student at Holmes School.

An avid huntsman and fisherman with a hunting camp located near Tekamah, Swanson is almost as enthusiastic about another hobby he shares with Mrs. Swanson — raising flowers, with chrysanthemums having a very special place on their list.

They have more than 50 varieties of "mums" and over 400 plants at their home in Lincoln. "It's a lot of work, but we enjoy it," Swanson said.

City Test Plot Gives Lawn Answers

By GLENN KREUSCHER
Farm Editor

A test plot in the middle of the city is furnishing many of the answers for the Lancaster County Extension Service and Lincoln nurserymen on weed control measures for the family lawn.

"Most people think of test plots out on the farm, but our crab grass control test plot at the corner of 17th and G has been one of our most interesting studies this year," says Cyril Bish, Lancaster County extension agent.

At the start of the season, very little blue grass could be found on the plot following application of various chemicals suggested for weed control.

The blue grass has made excellent recovery without re-seeding, Bish explained.

"This leads us to believe that by controlling crab grass you can re-establish blue grass," Bish said.

Nurserymen and extension agents pointed out that many homeowners mistake windmill grass—a grass with numerous seed branches for crab grass.

The windmill grass, considered undesirable in lawns, has been a hard grass to control, extension agents report.

In reviewing the problem of keeping a lawn, Bish told nurserymen that he considered disease even more of a problem than undesirable grasses.

Some relationship between high nitrogen application which results in lush growth and susceptibility to disease has been noted, according to the extension agents.

For recommendations on control measures homeowners are encouraged to contact the county extension office.

Emery Nelson, Lancaster County extension agent, left, talks lawn care with nurserymen Harvey Williams, C. R. Speidell and Bob Campbell.

By Glenn Kreuscher
Farm Editor

Securing adequate credit will play an important part in the future of agriculture, according to James M. Patton of Denver, national president of the Farmers Union, who visited Lincoln recently.

Viewing the future of agriculture with optimism Patton said: "We are fast approaching the day when it may require

NU Professor: 'W. Berliners Loyal To U.S.'

An associate professor of history at the University of Nebraska said Sunday people living in West Berlin feel extremely loyal toward the United States and hate Russia intensely.

Dr. Robert L. Koehl, who spent the past school year in West Berlin gathering material for a book on evolution of the Nazi SS officers corps, blamed the Russian threat for the tenseness of West Berliners.

"The West Berliners are honestly uncertain on what to do as individuals," he said. "Some are leaving the city to move to West Germany, but others are remaining because they are better off economically than they have ever been."

"They feel that their fate rests in the hands of the U.S.," Dr. Koehl continued. "For that reason they are willing to accept many unwelcome decisions merely because they feel that it is the policy wanted by the U.S."

Dr. Koehl said that West Germans are apathetic and have a quizzical attitude toward the Berlin situation.

"West Germans feel that the West Berliners are spoiled, and West Berliners feel that West Germany does not appreciate them," he said.

a one-half million dollar investment for many of our farms."

Patton credited Secretary of Agriculture Orville Freeman with the first major attempt to place agriculture in an aggressive position to educate the public on farm problems and conditions.

"Freeman recognizes that the farmer has something to sell and is doing a fine job including both the farmer and consumer on advisory agricultural committees," Patton noted.

While Patton predicted the highest gross income for farmers in 1961 since 1951, he listed a number of developments that he considered vital to agriculture.

They were:

- negotiations for an international wheat and feed grains joint agreement.
- expanded use of food and fiber resources as one of our best sources of ammunition against communism.
- strengthening of farm credit, with longer terms and larger loans for agriculture.
- development of renting practices for high priced farm machinery.
- formation of an international agency to stabilize food and fiber prices.
- additional moves toward supply management of farm products.
- the need for a federation of farm organizations.

In America today the only voice heard is the organized voice, which makes it important that farmers speak with sufficient volume to be heard, Patton said.

He termed 1961 one of the best years membershipwise for the Farmers Union.

PARTLY CLOUDY, NIFTY SIXTIES

Most of Nebraska will have partly cloudy skies Monday and Monday night with little change in temperature.

Weather observers say the panhandle will be fair and a little warmer. A few light showers are expected in southwest sections of the state Monday night.

Temperatures will range from the 50s in the panhandle to the lower 60s in the Lincoln area. Lincoln's high Sunday was 56 after an overnight low of 45.

Wife Of 2-Time National Demo Delegate Dies

Crofton—Mrs. Otto Bogner, wife of a former delegate to two Democratic national conventions from Nebraska's 3rd Congressional District, died here Sunday.

Her funeral will be 9:30 a.m. Wednesday in St. Rose of Lima Catholic Church.

Bogner was a delegate to Democratic conventions in 1952 and 1956. He supported Sen. Robert Kerr of Oklahoma for the presidential nomination in 1952. He voted for Adlai Stevenson at the 1956 convention.

Mrs. Bogner is survived by her husband; two daughters, Mrs. Delores Habermann of Bethesda, Md., and Mrs. Ramona Maule of Phoenix, Ariz.; 3 sons, Ferd S. of Crofton, O. W. of Crofton, and Norbert B. of McCook; 10 grandchildren, and two great-grandchildren.

DuPont Tax Measure Holds Up Adjournment

Washington (AP)—Congress, sticking around longer than most members expected, could end its 1961 session any day now—possibly Monday but only if a Senate logjam is broken promptly.

Majority leader Mike Mansfield, D-Mont., told a newsman Sunday "I want to end it as soon as possible, but when you're up against hard facts you have to bow to them. Right now, I'm playing it by ear."

Mansfield referred to a parliamentary roadblock which cut off his efforts to end the session Saturday night. The instrument of delay was a final catch-all supplemental appropriations measure.

But the day members can leave town apparently depends largely on what sort of fight develops in the Senate over efforts to pass a bill involving stockholders of the giant Du Pont corporation.

The House, except for some minor legislation, is marking time awaiting Senate action. About all it has left to do is vote on the remaining Senate-House conference agreements. However, since so many members already have gone home, there is a question whether the House will be able to muster a quorum Monday.

Mansfield said he does not know whether the Senate will reach a vote on the controversial Du Pont bill or whether it will be put off until next year, as many opponents want. The Democratic leader said he doesn't want to keep Congress in town just to get a vote on that measure.

Tersely Told Tales

Pahoa, Hawaii (AP)—The raging two-day eruption of Kilauea Volcano ceased abruptly Sunday after causing evacuation of 3 small villages on Hawaii Island. No lava flow reached the villages.

Detroit (UPI)—Episcopalians spent a quiet day in prayer Sunday awaiting the final 5 legislative days of their 60th national convention.

Rep. Ben Riffe, R-S.D., first American Indian ever elected to Congress, will address churchmen Monday. Congressman Riffe is a member of the Episcopal Church.

Elberton, Ga. (AP)—Former Congressman Paul Brown of Georgia, who spent nearly one-third of his life as a member of the House of Representatives, died Sunday night at the age of 81.

Washington (AP)—Sen. Mike Mansfield of Montana, the Senate Democratic leader, suggested India's Prime Minister Nehru is an "outstanding leader" who could successfully succeed Dag Hammarskjöld as U.N. secretary-general.

Police Break Up Beer Party, Take Thirteen Youths

Police arrested 11 teenagers and two 21-year-old youths at a beer party.

Police said that 5 cases of beer, empty and full, were found. It had been about half consumed when the party was broken up, police said.

Sunday police questioned two teenage girls who had allegedly fled through a window to avoid arrest.

The party took place at a home in the 600-block on No. 68th.

One youth, age 14, was released immediately to his parents. Four were released subject to call, two remained in jail and the others were released to attorneys.

One arrested Saturday was a girl. Besides the 14-year-old and the two 21-year-olds the others were in their late teens.

Waitress Arrested

An 18-year-old waitress at Johnny's Dari Sweet, 6401 Havelock, was arrested by police Sunday on owner John Arkfeld's complaint of an alleged larceny of \$300.

Adenauer Steps Up Efforts To Form New Government

Bonn (UPI)—Chancellor Konrad Adenauer Sunday stepped up efforts to form a new West German government and end uncertainty that has caused a marked slump in the nation's stock markets.

The 85-year old chancellor scheduled talks Monday with Socialist leaders, including West Berlin Mayor Willy Brandt, his chief opponent in elections that saw Adenauer's Christian Democrats lose their parliamentary majority.

The meeting, at Adenauer's invitation, touches off a week of intensive negotiations given a sense of urgency by international tensions as well as domestic repercussions in the wake of election losses by the Adenauer forces.

Uncertainty over the formation of a new government has caused trading on the major stock markets to decrease and some major issues have recorded drops of up to 5%.

The financial trade journal Handelsblatt said that while the average market drop has been one per cent, shares in 20 top companies have dropped in value by \$190 million in the week since the election.

President Heinrich Lübke is scheduled to confer with Adenauer this week on the possibility for a coalition between the chancellor's Christian Democrats and one or both of the two other major powers—the Socialists and the Free Democrats.

The Free Democrats (FDP) which emerged from the elections as the balance-of-power party, were considered to be the likeliest coalition partner for the Christian Democrats.

The FDP, however, has a complicated situation by demanding Adenauer's retirement as a condition for its entry into a coalition with the Christian Democrats.

The Free Democrats openly back Christian Democratic Economics Minister Ludwig Erhard for the chancellorship.

ship. But Adenauer is determined to stay in office for a fourth 4-year-term.

If coalition negotiations fail, Adenauer would have to lead a minority government.

No Fatalities As Jet Hits Mudflat

... SKIDS OFF RUNWAY

Boston (AP) — A 4-engine American Airlines Astrojet 707 carrying 71 people skidded off a runway Sunday and landed in a Boston Harbor mudflat. No one was killed. Three were taken to hospitals with injuries described as non-serious.

The No. 1 and 2 engines on the \$5 million plane were torn off and the nose landing gear was damaged in the crash. The flight was No. 44 from San Francisco by way of Chicago.

The pilot, Capt. Ted Jonson of San Francisco, gave this version of the incident:

"I was making a normal approach. There was some fog. I landed on the runway a little farther up than I would have liked to and we skidded off the end."

The plane landed on the water's edge. There was no fire.

The 4 stewardesses immediately opened the emergency doors and helped lead passengers to safe ground. Many of the passengers walked along the plane's wing to the edge of the airport.

Although there were no casualties among the 63 passengers and crew of 8, there was one victim of a heart attack among the many persons who rushed to the scene to assist in rescue operations.

Jack Luti, about 50, of nearby Beachmont, collapsed at the scene and died a short time later of what was diagnosed as a heart attack.

Rose Maddox, who said she was riding in the first class section of the plane, told newsmen there was no panic or excitement.

"We were coming in for a landing," she said, "and the

wheels seemed to touch the ground when I heard what sounded like a tire blowout. Then the plane bounced and the next thing we were in the water."

Water Not Deep

The water is not deep at the point of impact and witnesses said rescue boats were alongside the plane almost immediately.

Owners of 4 small boats from the Orient Heights Yacht Club went out to the stranded airliner and brought the majority of those aboard back to the yacht club.

Wife Swings Razor At Husband's Girl Friend

The alleged assailant in a razor-attack on a 20-year-old Lincoln woman was being sought Sunday for questioning by police.

Police said the assaulted woman got into a male friend's car when he parked on Plum between 8th and 9th.

The man's wife, who had been hiding in the car's back seat, slashed her with a straight-edge razor, causing a long gash from under the left eye to the left ear, she told police.

Check Up On That Furnace; It Might Blow

"Too many people take their furnaces and water heaters for granted because they're automatic," warned City Heating Inspector Harold Martin.

He recommends that all Lincolns have their heating plants checked by competent heating contractors before putting them into operation this fall.

Most persons light pilot lights at the first sign of cold weather, then never look at them again unless they fail to get heat, the heating inspector noted.

"Dust from sweeping a room can accumulate on the pilot light opening and cause a low, dirty flame which may result in a fire or explosion," Martin said.

Clogged Filters

He remarked that another major problem in most heating plants comes in the filters, which clog up periodically and cause units to over-heat.

If a pilot light should go out, he emphasized that "under no circumstances should you attempt to light a gas appliance before turning off the gas and letting it air out for at least 15 minutes."

"Then, if it is necessary that you relight the pilot, follow the direction on the unit explicitly."

A periodic check of home heating appliances, Martin added, "will tend to lessen these hazards of fire or explosion which cost some homeowners large amounts each year in repair bills."

Drive Starts For Cystic Fibrosis Fund

Volunteers began a door-to-door drive Sunday noon as the Lincoln chapter joined the annual nationwide fund drive for the National Cystic Fibrosis Research Foundation.

Thomas Brunahan, chapter president, estimated 150 persons took part in Sunday's campaign. The drive ends Saturday.

He said a campaign goal of \$5,000 was set. This is the first year for the mail campaign in Lincoln. Letters were sent to approximately 300 Lincoln businessmen, Brunahan said. Funds will be used for medical service to boys and girls afflicted with the life-threatening chronic disease, and for research to aid unborn victims.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!

New York, N.Y. (Special) — The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold—without prescription in most states—in tiny tablets called

Jet rests in mudflat as rescuers complete chores.

Russians Reassert Disarm Proposals

London (AP) — The Soviet Union reasserted Sunday night it will unconditionally accept any Western proposals for control measures if the West accepts Premier Khrushchev's program for general and complete disarmament.

The Soviet position was set forth in a memorandum forwarded to the president of the 16th U.N. General Assembly session, Tunisia's Mongi Slim, and reported by the official Tass news agency.

The memorandum noted that exchanges of opinion between Soviet and U.S. representatives had taken place in Washington, Moscow and New York during the past 3 months.

"To enable the U.S. government to make a deeper study of the Soviet position, the delegation of the U.S.S.R. handed to the American side several documents substantiating in detail the program of general and complete disarmament under strict international control, submitted by the head of the Soviet government, Nikita Khrushchev, to the General Assembly on Sept. 23, 1960," Tass said.

"Disarmament Feasible" "The (Soviet) report sets out in detail the motives which compel the Soviet government to insist on the immediate realization of gen-

eral and complete disarmament, and stresses that the Soviet government regards any Western proposal for general and complete disarmament as a feasible task," Tass said.

The memorandum gave a long account of bilateral talks between the Soviet Union and the United States on disarmament and said the recently agreed joint statement on disarmament principles had only been reached after the American side accepted a number of propositions insisted upon by Russia.

The report added: "The Soviet Union proposes to effect general and complete disarmament in 4 to 5 years."

"This is a realistic time limit... the Soviet Union is ready to consider other proposals concerning time limits for a program of general and complete disarmament, but it believes that in any case the agreed time limit should be quite definite and as short as possible."

The Tass summary said the memorandum emphasized "that the government of the U.S.S.R. and its head, Nikita Khrushchev, have repeatedly stated that if the Western powers accept the proposal for general and complete disarmament, the Soviet Union will unconditionally accept any Western proposals for control over disarmament."

Milford Grange Tries For National Honors

Lincoln Star Special Milford—Milford Grange 404 is one of 10 national finalists in the National Grange Community Service Contest.

Oct. 9 the grange will be visited by national judges to determine the grange's final placing in the competition.

The placings will be announced at the National Grange Convention in Worcester, Mass., Nov. 16.

Organized in the spring of 1952, the Milford Grange has been a state winner 8 times in this competition with its two second place awards, two 3rd place awards and 4 4th place awards.

Master of the grange is Leroy W. Ficke.

The Milford Grange reported 55 projects for the fiscal year ending Sept. 1.

The major project was retiring a \$3,000 mortgage on the Grange Hall purchased in 1955. The hall serves as a community center for the town.

Other projects the past year included:

—sponsoring Boy Scout Troop 290, the Stitches and Stir 4-H Club, the Juvenile Grange, and co-sponsoring with the Women's Club the Junior Whirls, a club for children from 4th to 8th grade. —co-sponsoring a bike safety program with the Women's

Club. Reflector tape was put on 90 bikes.

—a get-out-the-vote poster contest for pupils in grades 3 to 8 in School Dist. 5.

—letting the Grange Hall be used rent-free for some community activities.

—sponsoring Civil Defense classes.

—conducting a fund drive resulting in \$1,175 for crippled children, cancer research, the Red Cross, the Salvation Army and the Heart Fund.

—co-sponsoring with American Legion Auxiliary Unit 171 a community pancake feed and bake sale to buy a new rescue unit for the Fire Department.

—organizing a parent-teacher organization.

—sponsoring a Milford Ag Day with the help of the Seward County Extension Service and the Farmers and Merchants Bank.

Over 5,000 granges entered the National Community Service Contest this year.

Martin Hits JFK 'Blunder'

... On Germany

Kearney (AP) — Rep. David Martin, R-Neb., protested to President Kennedy "the announced complete reversal of your administration's official policy of German reunification."

Martin released a copy of a telegram to the President which said the reversal "is parallel to the blunder which our country made in dumping Nationalist China and thereby opening the way for the establishment of Red China."

The Nebraska congressman's telegram followed reports from Berlin that high U.S. officials are advising West German leaders to face up to the existence of Communist East Germany.

"This is appeasement in the worst form to the red conspiracy which hopes to conquer the entire world," said Martin in his telegram.

"The American people will back you to the hilt on a firm policy toward Russia, but are not in sympathy with this announced change in our policy which deserts completely the German people."

"The adoption of this policy will result in another severe defeat for the West. Our citizens want no more appeasement; they want firmness and determination. I urge you to reconsider this decision."

Survivor Found In Turkish Crash

Ankara, Turkey (AP)—Rescuers probing the crash of a Turkish airliner near here Sunday discovered a survivor in the smoldering remnants of the twin-engine plane, which hit a mountain in a blinding rainstorm Saturday night, killing 28 persons.

The survivor, identified as Salih Kalafatoglu, inspector for a large Turkish bank, was rushed to hospital gravely injured.

Victims of the crash included an American, Bernard Havens, a civil engineer with the Mobil Oil Company in Turkey.

The station operates on 95.3 megacycles. Burton said he wants to build a new antenna and make changes in the present antenna system. Construction is expected to take 6 to 8 weeks.

26 File Notices Of Well Drilling

Twenty-six notices of intent to drill oil wells in Nebraska were filed for the week of Sept. 18 with the Oil and Gas Conservation Commission.

The wells (operator, name of well and location) include:

1. Pubco Petroleum Corp. #15-1 Stoney, C NENE 15, 2 N, 27W, Sleepy Hollow Field, Red Willow County.

2. Texaco, Inc. #1 Burton, C SWSW 2, 3N, 27N, Sleepy Hollow Field, Red Willow.

3. M. W. Volentine & Murfin Drilling Company, #1 Gibbons, C SWSW 30, 15N, 20W, Wildcat, Custer.

4. M. W. Volentine & Murfin Drilling Company, #1 Gibbons, C SWSW 30, 15N, 20W, Wildcat, Custer.

5. Banner Oil Company, #1 Miller, C SENE 15, 2 N, 27W, Sleepy Hollow Field, Red Willow.

6. Twotola Oil Company, #1 Nerud, Inc. C NENE 2, 19N, 32W, (OWWO), Wildcat, Morrill.

7. CANYON OIL CO., Inc. #2 Schmidt, NWSW (130° South and 150° East of Center) 1, 16N, 34W, Schmidt Field, Kimball.

8. Pubco Petroleum Corp. #11-13 G. Wall, C SWSW 11, 2N, 27W, Sleepy Hollow Field, Red Willow.

9. R. M. Fifer, Carver-Dodge and South Texas Development Co. #1 Tibbitts, C NWSW 22, 15N, 37W, Wildcat, Kimball.

10. Midwestern Oil Corp. #1 Cedarburg, C SWSW 28, 14N, 36W, Wildcat, Kimball.

11. E. J. Smith, C SENE 17, 15N, 37W, Wildcat, Kimball.

12. R. M. Fifer, Carver-Dodge and South Texas Development Co. #1 Tibbitts, C NWSW 22, 15N, 37W, Wildcat, Kimball.

13. Pubco Petroleum Corp. #11-13 G. Wall, C SWSW 11, 2N, 27W, Sleepy Hollow Field, Red Willow.

14. R. M. Fifer, Carver-Dodge and South Texas Development Co. #1 Tibbitts, C NWSW 22, 15N, 37W, Wildcat, Kimball.

15. Midwestern Oil Corp. #1 Cedarburg, C SWSW 28, 14N, 36W, Wildcat, Kimball.

16. E. J. Smith, C SENE 17, 15N, 37W, Wildcat, Kimball.

17. Bedrock Oil and Gas Company, Inc. #1, C SENE 15, 2 N, 27W, Sleepy Hollow Field, Red Willow.

18. E. J. Smith, C SENE 17, 15N, 37W, Wildcat, Kimball.

19. Edwin Foster Blair & Associates and Murfin Drilling Company, #1 Schneider, C NENE 5, 3N, 30W, Wildcat, Frontier.

20. Champlin Oil & Refining Company, #1 Tiller, et al. NWSW (150° East and 50° South of Center) 14, 32N, 27W, Sleepy Hollow Field, Red Willow.

21. J. E. Smith, C SENE 14, 17N, 32W, Wildcat, Kimball.

22. Great Western Oil Company, #1 Emrich, C SENE 23, 14N, 37W, Wildcat, Red Willow.

23. Miami Oil Producers, Inc. #2 Stark, SENE (150° West of Center) 3, 16N, 32W, Stark Field, Morrill.

24. Raymond, C SENE 14, 17N, 32W, Wildcat, Kimball.

25. San G. Harrison & Banner Oil Company, Inc. #1 Keenan, C NENE 22, 18N, 50W, Greenwood Creek Field Extension, Morrill.

26. Pubco Petroleum Corp. #15-2 Stoney, C NENE 15, 2 N, 27W, Sleepy Hollow Field, Red Willow.

Crop Study Grant OK'd

A two-year study of vegetable crops in Nebraska by University of Nebraska researchers was given the go-ahead signal by the Board of Regents with its acceptance of a \$134,600 grant from the resources division of the state department of agriculture.

As part of the program, the board also approved the appointment of Dr. Norman J. Rosenberg as an agroclimatologist in the department of horticulture and forestry.

He will be particularly concerned with weather in the state as it relates to the production of vegetables. As the program develops, his findings will be applicable to other crops grown in the state.

Authorized by the 1961 Legislature, the two-year study on vegetables will be under the direction of Dr. J. O. Young, chairman of the horticulture department.

Dr. Young said that one phase of the study will involve analyzing Nebraska climatic factors of importance in vegetable production. Dr. Rosenberg will consider such climatic factors as frost, hail, heat, rainfall and length of season.

Cascade Plunge Claims 2 Lives

Seattle (AP)—A young mother and a Boeing Co. engineer, members of a climbing party, plunged 300 feet to their deaths on a Cascade Mountain peak just north of Snoqualmie Pass.

The victims were Mrs. Linda Cartwright, 24, and Ed Goodman, 28, both of Seattle.

The two others in the party, Mrs. Janet H. MacDonald, 23, and Brian Marts, 18, also of Seattle, said Mrs. Cartwright had just reached the top of a vertical rock chimney with Goodman behind her when a rock she stepped on apparently gave way. Both plummeted to a ledge near the bottom.

A Fallout Shelter Is Built . . .

GROUNDBREAKING . . . the lawn and flowers had to go.

GEOSTATIC . . . that's what they call the shape.

THE HOLE . . . a neighborhood attraction.

Builders: Don't Forget Humor

(Editor's Note: Star Staff Writer Nancy Ray convinced herself, while doing the research for a recent series of stories on fallout that she and her family needed the protection of a fallout shelter. The structure is now complete, as the accompanying story and the pictures by her photographer husband, Web Ray, show.)

By NANCY RAY
Star Staff Writer

How do you explain to a two-year-old why it is more important to build a fallout shelter than to buy a BOAT like the neighbors did?

The question remained unanswered because a monster steam shovel followed by roaring bulldozers and enticing piles of dirt displaced even the sleekest sea craft for excitement.

Peonies, potatoes, two lovingly-cared-for forsythia bushes and a crust of somewhat weedy sod in the back yard are gone, replaced by a hole in the ground worth \$800.

Reactions in our neighborhood of basementless dwellings to this unavoidable sign of nuclear age preparedness ranged from jokes to concern. Sidewalk supervisors were plentiful, ranging from tarrying school-bound children to the more curious among the motorists taking the O Street detour past our construction site at 44th and L.

Someone left a cardboard picket sign at the door reading: "UNFAIR To Neighbors. TOO SMALL."

A memo to future shelter-builders: Keep a pot of coffee on the stove and be up on the latest international news of Berlin and nuclear testing. A shelter-builder is automatically an expert on such things.

And a second memo: Don't lose your sense of humor, even when your youngster flings himself into the 20-foot deep excavation, emerges clay-covered, and tosses your reluctant dog into the same mudhole.

Bob Geschwender, one of the young partners of the Lancaster Research and Development Corp., acted as technical adviser on this prototype shelter which the firm expects to produce in quantity—perhaps in do-it-yourself kits.

A patient man of few words, Geschwender found himself besieged with the queries of sightseers and the owners.

What about air? Yes ma'am, we're fixing up a hand-operated fan and vents for air intake and exhaust.

How do you get in? Well, it's easy. Just down the hatch on those pegs attached to the vent pipe.

Capacity? Oh, 6 people. You could get 8 in. It'd be a tight squeeze, though. It's 16 ft. in diameter.

This design? Geostatic, we call it. Triangular metal pieces bolted together to form the dome.

And a hundred more queries always ending with the real stumper: "Why build a shelter, anyway?"

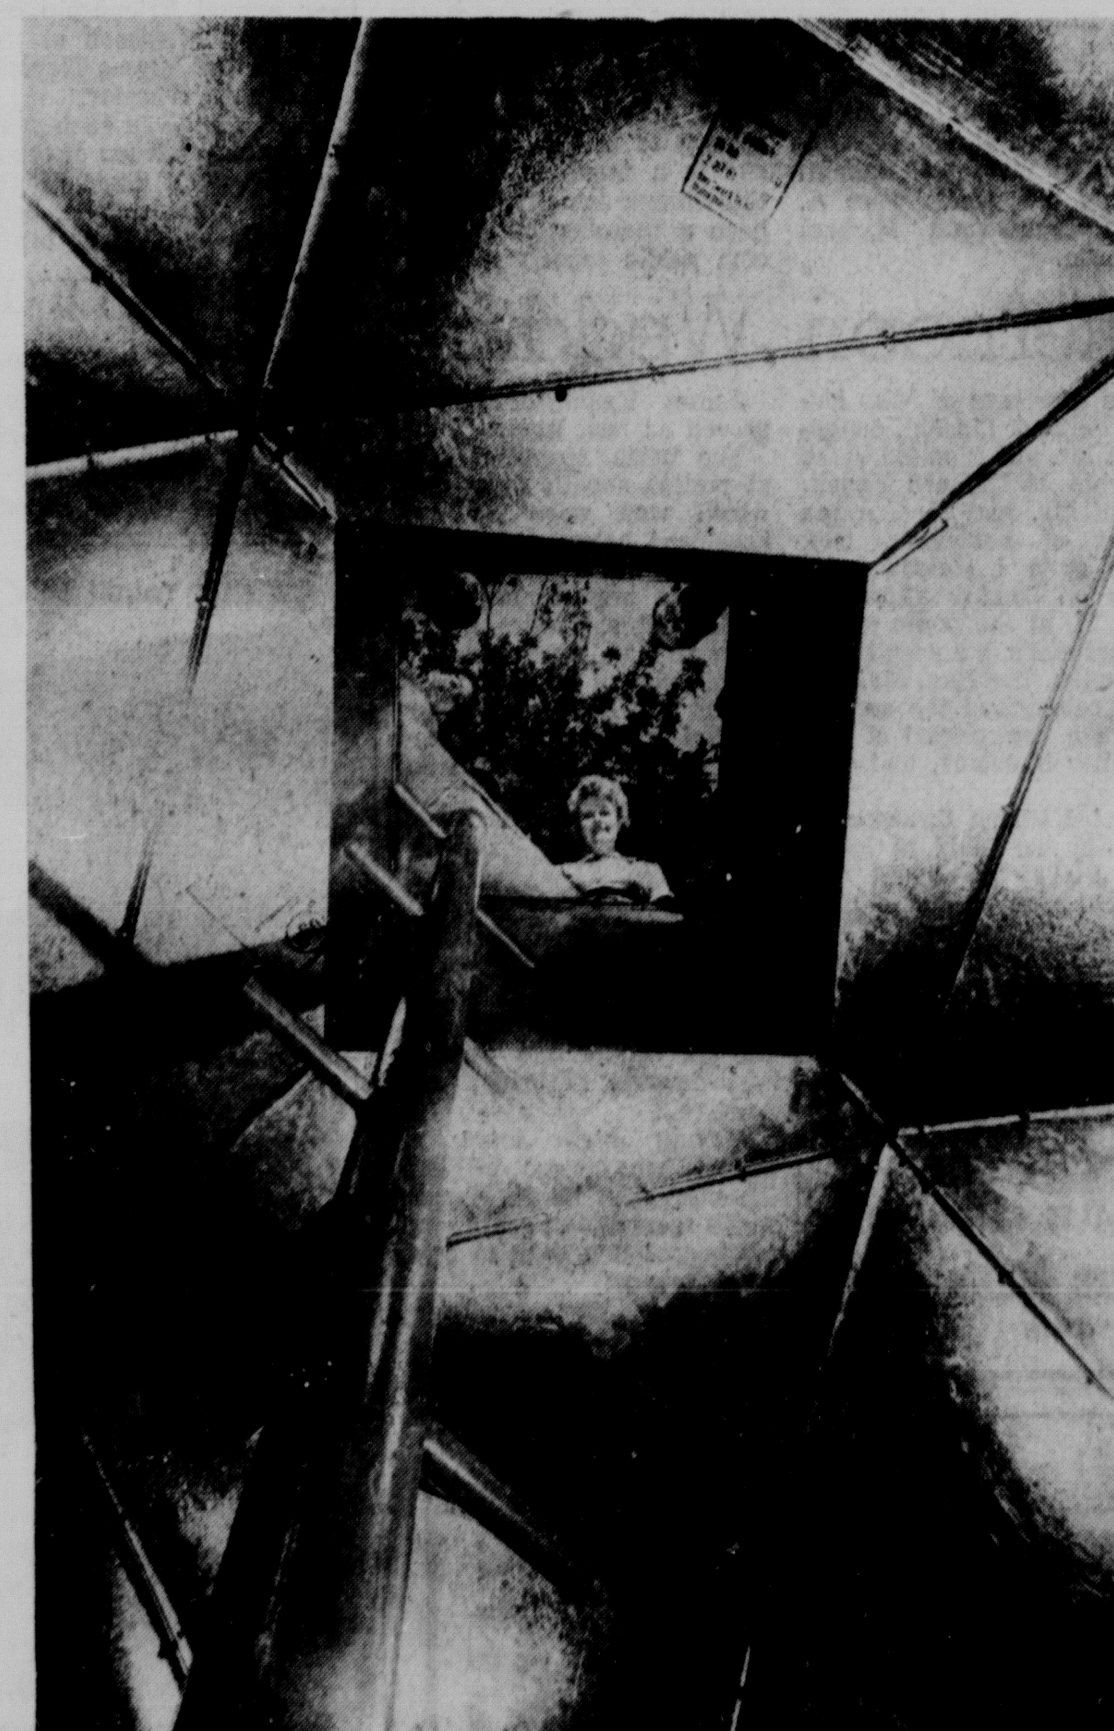

Geschwender was more interested in getting into production than in discussing the philosophy of survival, so he turned that question over to the new owners.

After trying to answer the first few queries honestly, we fell back in failure to a pat reply:

"Sure, it's just a hole in the ground. Go on in and look around now. Because if you wait until after the sirens sound, you'll see nothing but a battened-down hatch and a sign reading: 'I told you so.'"

ENTRANCE-VENTILATOR . . . only the pipes above ground.

IT'S FINISHED . . . inside looking out.

TAKING SHAPE . . . the triangles go into place.

TEAS, COFFEES, GUESTS CREATE PERIOD OF GAIETY

Now that classes are under way on the University of Nebraska campus various organizations have begun the counting of noses—new ones, that is.

But new faces certainly

were not in the majority on Saturday morning when Mrs. Ralph Ireland (wife of the College of Dentistry dean) entertained at coffee for ALL the wives of all married students in the College of Den-

tistry.

As a matter of fact the wives of dental students now are members of a Junior Dental Auxiliary, and at the Saturday morning coffee many new ones were welcomed into the fold.

In the picture, left to right, are Mrs. George F. Andrea-

sen, Mrs. Robert L. Henrichs, Mrs. Lanny McLeay, and Mrs. Ron Knoel.

Watching one of Nebraska's strategic plays are (left) Mrs. Schimmel and Mrs. Svard-Olsson.

The NU Law Wives Club chose Sunday afternoon to

welcome the wives of new students in the University of Nebraska College of Law.

The party was a 3 o'clock tea which was held in the Faculty Lounge on the Nebraska campus.

The officers of the NU Law Wives group, and a large member of the membership

were on hand to extend a greeting to the wives of the new law college students who, of course, soon will become members of the organization.

New members include: (left) Dr. Francine (Mrs. Walter) Gallawa, Mrs. C. G.

Wallace III, Mrs. R. W. Batey, Mrs. T. L. Hilt and Mrs. Robert Sample.

The weather wasn't particularly conducive to the utmost enjoyment of a football game on Saturday afternoon when Nebraska played North Dakota, but to Mrs.

Birgit Adele Svard-Olsson of Goteberg, Sweden, it was all very interesting—it was her first experience with football.

Mrs. Svard-Olsson was the guest of Mr. and Mrs. A. Q. Schimmel for the game, and also at the pre-game luncheon for which Mr. and Mrs. Schimmel were host and hostess at their home. A guest of the Omaha Girl Scout Council, Mrs. Svard-Olsson came to Lincoln with her Omaha host and hostess, Mr. and Mrs. A. F. Fick.

Mrs. Svard-Olsson is a visitor-observer from the Sveriges Flickors Scoutförbund (Girl Scouts) in Goteberg, and her trip to the States was made possible through the Juliette Low exchange fund.

A Chapel Ceremony

MRS. ROGER G. MCKEE

Arrangements of white roses and white gladioli appointed the altar of the First Presbyterian Church chapel for the wedding of Miss Jacqueline Peterson, daughter of Mr. and Mrs. J. J. Leikam, and Capt. Roger G. McKee, son of Mrs. Olive McKee of Watertown, Wis., which took place on Saturday morning, Sept. 23. Dr. C. Vin White solemnized the 10 o'clock ceremony, and the wedding music was played by Mrs. Edgar Cole.

The bride's two sisters, Miss Karen Peterson, the maid of honor; and Miss Suzanne Peterson, the bridesmaid, wore alike day-length frocks of royal blue satin with which they carried bouquets of white roses.

Maj. Tom Boles served as best man, and the groomsmen was Lt. John Graham. Seating the guests were A. G. Swanson and Michael Swanson.

For her wedding the bride chose a gown of white satin. The Empire bodice was designed with a bateau neckline and elbow-length sleeves, and an over-drape of satin created a bustle effect which gave accentuated bouffancy to the floor-length skirt. A small pill-box hat of satin and tulle held to the head her tiered, shoulder-length veil, and she carried a cascade bouquet of white roses.

Following a reception Capt. McKee and his bride left for a honeymoon trip through the northeastern States and Canada. They will reside at Oscoda, Mich., where Capt. McKee will be stationed at the Air Force Base.

The bride was graduated last February from the University of Nebraska, where she is a member of Alpha Chi Omega sorority, and has been a member of the Lincoln public schools faculty.

Afternoon Wedding

The marriage of Miss Evelyn Pettit of Lincoln, daughter of Mr. and Mrs. Ed Vleck of Crete, to Richard Yanak, son of Mr. and Mrs. Anton Yanak of Louisville, took place at a 4 o'clock ceremony on Sunday afternoon, Sept. 17, at the home of the bridegroom's parents in Louisville. The Rev. Mr. McCord solemnized the service before a background of late summer blossoms, and candles.

Miss Kathryn Swanson of Lincoln, the maid of honor and only attendant, was frocked in royal blue chiffon, in the daytime mode, and pinned to her shoulder was a corsage of pink roses.

James Yanak of Lincoln served as best man.

The bride appeared in a sleeveless sheath gown over which was worn an embroidered bolero jacket cuffed with white fur. Her accessories were in navy and white and she wore a corsage of blue-tinted roses.

Following a reception Mr. Yanak and his bride left for a brief honeymoon trip, and now are residing at 1001 So. 25th St., in Lincoln.

Meeting

The members of the Capitol City Newcomers Club held their September meeting on Tuesday evening at Hotel Cornhusker. Following the dessert supper the evening was devoted to bridge and canasta.

Making high score at bridge was Mrs. William Ahrens; Mrs. H. E. Barger made second high score, and the consolation went to Mrs. Ray Stevens.

Canasta game winners were Mrs. Richard Bowersox, and Mrs. Gail Johnson.

Around The Town

—Another football week end coming up about five days from now, and it really is to be a festive one. But right now we can't talk about football parties, we want to mention some guests who have been in town.

They are Lt. James Cedardahl (Phi Delt at Nebraska), Mrs. Cedardahl and their two sons, Bradley and Brett, who arrived a week ago from Bitburg, Germany, where Lt. Cedardahl has been stationed for the past few years. The home-againers were the guests of Lt. Cedardahl's parents, Mr. and Mrs. El-

mer Cedardahl, and left on Sunday for Lt. Cedardahl's new assignment at Shepard AFB, Wichita Falls, Tex.

The visit was a particularly exciting one for Lt. Cedardahl's parents since there were three new members of the family to greet — the Air Force officer's wives — and their two sons.

Lt. and Mrs. Cedardahl (she hails from New Jersey) met in Germany while Mrs. Cedardahl was attending college in Munich. Prior to that she had been in school in Paris.

During their stay here the

guests who also visited other relatives, were kept on the hop skip and jump with a variety of courtesies.

—This morning we have news of a bride-elect — She is Miss Patricia Ann Tatroe — former coed at Nebraska — and Chi Omega, whose marriage to Robert Burnett Johnson takes place on Oct. 7. The ceremony will be solemnized at 4 o'clock in the afternoon in the chapel at the McCormick Seminary in Chicago,

Axis, B. PW, Holds Friendship Tea

The members of the Lincoln Axis Business and Professional Women's Club held their annual Friendship tea on Sunday afternoon at the home of the Misses Nevada and Geneva Wheeler.

The tea is given each year in order that women of other Business and Professional Women's organizations, both in Lincoln and out of town,

may become better acquainted.

At Sunday's affair women from Seward, York, Crete, and numerous surrounding towns, attended.

Seated are: (left) Mrs. O. K. Perrin, Mrs. H. L. Kyle, Mrs. Grace Tourtelot and Miss Helene Morris, all of Lincoln. Standing: (left) Grace Cropper, Anna Belle

McFarlane, and Elsie M. Snyder, all of Fairbury; and Mrs. Bertha Jensen of Lincoln.

MRS. EDWARD COATNEY

At a 2 o'clock ceremony on Sunday afternoon, Sept. 24, the marriage of Miss Patricia Ann Shannon, daughter of Mrs. Esther Shannon of Lincoln, and Harold W. Shannon of Hanover, N.J., to Edward Coatney, son of W. E. Coatney, took place at the First Baptist Church. The Rev. Arthur L. Sliaken solemnized the ceremony.

With their sheath frocks of dusty pink silk shantung the attendants, Miss Sharon Hemsath, the maid of honor; and Miss Sherry Stiggy of Howells, the bridesmaid, carried bouquets of deep pink roses.

Jon Skaug of Kansas City, Mo., served as best man, and

the ushers included Maud Jost and Warren Gilbert.

The bride chose a gown of peau d'Ange lace and white taffeta for her wedding. Lace fashioned the long-sleeved bodice, designed with a shoulder-wide cameo neckline, and was repeated, peplum fashion, to drift over the voluminous skirt which extended into a cotillion train. A pearl-filigreed crown held to the head her circular veil of imported illusion, and she carried a bouquet of white carnations and pink roses.

Mr. Coatney and his bride will reside at 1045 Garfield St.

DEAR ABBY

Abigail Van Buren

DEAR ABBY: I am 19, in the Service in Korea and in trouble. I have less than four months to go here, but I almost hate to go home. I have been writing to two girls back in the States who expect to marry me when I return.

I have dated both of them, but have never discussed marriage with either one. What do I do now?

APO No. 20

DEAR ABBY: Since you "proposed" to both girls by mail, you had better do some creative writing fast. Tell them both that because marriage is a permanent step, before they make any plans they should wait until you get home. Put a chill on both deals now, or, when you get home, the quiet of Korea will look good to you.

DEAR ABBY: You brought up an interesting subject in the case of the husband who refused to wear a wedding ring. I think all married peo-

ple should be forced by law to wear identification of their married status. Then single girls would not be taken in by two-timing husbands, and vice versa.

MARCIA

DEAR MARCIA: Legal gimmicks are no substitute for conscience and morality. A wedding ring doesn't always stop the "circulation."

DEAR ABBY: I agree with your reply to Mrs. Citizen that "many mothers, in their well-meaning eagerness to make their daughters popular, encourage them to grow up too fast."

Thank heaven my mother was wiser than that. I am 18 and am a freshman at college. When I started my teens I was far from the first girl in my crowd to wear make-up, nylons and heels. I didn't get to go to all the parties, and was never Miss Popularity or anything near it. At first it bothered me, but I soon found out there

were more rewarding things, such as the faith my parents had in me to live by their high standards. I don't smoke and they know I won't. I don't drink and they trust me not to start. They never doubt my word because they know I wouldn't deceive them. Although I think your advice is very good, Abby, I am glad I never had to ask for it.

Love,
BONNIE

DEAR ABBY: There seems to be more "double-ring" wedding ceremonies all the time. What is the reason for this? When I see a man wearing a wedding ring I personally get the impression that he is sort of hen-pecked.

MRS. P.

DEAR MRS. P.: Hen-pecked? On the contrary I'd say his wife is no dumb cluck!

What's troubling you? Write Abby, care of the Lincoln Star. Include self-addressed stamped envelope.

WHY GROW OLD?

BY JOSEPHINE LOWMAN

Allah and exercises be praised! This exercise, described by Josephine Lowman in the column today, is for that nagging figure fault which so many women have—fat on the back hips.

The following letter brings up several questions which I think you'll find interesting.

"Questions! Questions! I am nearly 50—a long-time grandmother. My height is 5 feet 2½ inches, weight 127 pounds with heavy bones. My measurements are bust 36 inches, waist 27 and hips 37. What should I weigh? What is the best exercise to reduce fat pads on top of the back hips?"

"What can I do about whiteheads or collections of waxy substance under the skin of my forehead? I wash my face twice daily with soap and water. I do not eat much fat."

"I always turn to your column first."

This reader is certainly not overweight if she has large bones. She is just right for a medium build and her measurements are in good proportion.

Many women have the pads of fat which this writer mentions. This is often true even if the woman is not overweight generally. The following exercise is one of the best medicines for this figure fault. Kneel on both knees and raise your arms over your head, one arm by

each ear. Keep the arms close to the ears as you bend your trunk to the right, and push your hips out to the left while sitting on your heels. Now raise your trunk and return to starting position. This time bend to the left and push the hips out to the right when doing the exercise. Continue, alternating.

If this exercise is to be effective, it must be done slowly and the arms MUST remain close to the ears.

The whiteheads can be removed by a dermatologist. However, sometimes they can be banished by washing the face with soap and water several times daily, using a complexion brush with a gentle, rotary motion.

If you would like to have my tested hip-slimming exercises, send a stamped, self-addressed envelope with your request for leaflet No. 3 to Josephine Lowman in care of The Lincoln Star, Lincoln, Neb.

There's Always Fun In Suburbia

COUNTRY CLUB TERRACE

"Surprise!" and "Happy Birthday!" were the cries that rang out at the home of Mrs. Elmer Aksamit last Wednesday. Going to the door to investigate all of the commotion, Mrs. Aksamit found Mrs. Leslie Lindburg, Mrs. Norman Hubertus, Mrs. Eugene Reece, Mrs. Tom Adamson, a birthday cake and two pots of coffee at her front door! And who said that the fair sex can't keep a secret?

County Club Terrace has many new residents, so we discovered, and the newest of these is Kenneth Anthony Fritz who arrived at St. Elizabeth's Hospital, Sept. 17 and who came home for the first time on Saturday. He is the son of Mr. and Mrs. Maurice Fritz and the brother of little Carolyn Fritz. Mr. and Mrs. Leo N. Bartunek of Lincoln are the maternal grandparents and Mr. and Mrs. Ralph Fritz of Fort Wayne, Ind. are the paternal grandparents.

Mr. and Mrs. Joseph T. Heaney have moved from 2343 Calvert, which is in the Country Club Manor suburb, to 4125 So. 20th in this suburb. Country Club Terrace

welcomes you, Mr. and Mrs. Heaney.

From Topeka, Kan. have come Mr. and Mrs. Edmund N. Martin and family. Their two daughters, Vicki and Kathleen, attend Merle Beattie, but their son is a little young yet. Jimmy is almost three. The Martins' new address is 3919 Pace Blvd.

Fore-warned was fore-armed in the case of Mr. and Mrs. Stuart R. Anderson who, with their family, have just arrived in Lincoln.

When Mr. Anderson (he has something to do with astronautics) and Mrs. Anderson learned they were to be transferred from Spokane, Wash., to Lincoln, they immediately acquainted themselves with our city and its activities by subscribing to The Lincoln Star. The Andersons have two children, Stuart, Jr., who is three, and Beverly, who is seven and attends Merle Beattie Elementary School. Their new home is at 3930 Dunn Ave.

In Denver for a few days were Mr. and Mrs. Mort Novak. Mr. Novak was there as a delegate to the American Legion Convention. Following the convention they drove to Longmont, Colo., where they were the houseguests of Mr. and Mrs. Oral Beckmann who, until last June were Lincoln residents. After their visit with the Beckmanns, Mr. and Mrs. Novak headed home via Estes Park where they spent

several days.

Mrs. James Tice, Mrs. Robert Zimmerman, Mrs. Gerald Kushner and Mrs. Sam Smith are all out and about this morning. You'll find them at the home of Mrs. Jeanette Dunn who will be their coffee hostess.

Mrs. Delia Skinner had a very good reason for her trip to Omaha this past week. On hand to greet Mrs. Skinner were her son and daughter-in-law, Mr. and Mrs. John Bailey; their son; d daughter-in-law, Mr. and Mrs. Jack Bailey, and their son, Tommy. A four generations reunion is quite an event indeed.

"One club," "Pass," "Two spades," "Pass!" and on it went last Tuesday night when Mrs. Elmer Aksamit was hostess for a bridge party which featured as the leading players, Mrs. Eugene Reece, Mrs. Ervin Vosta, Mrs. Ed Hirsch, Mrs. LaVon Nelson, Mrs. Jack Cleavenger, Mrs. C. W. Mattox, Mrs. Ralf Holmes, and, of course, Mrs. Aksamit.

INDIAN VILLAGE

Entertaining recently at the home of the Rev. and Mrs. Francis Belote were Mrs. Belote and Mrs. Allan Pickering. Guests at the informal monthly coffee for wives of the Presbyterian ministers were Mrs. William Puls, Mrs. C. Vin White, Mrs. John Waser, Mrs. Thomas Huxtable, Mrs. Herbert Garner, all of Lincoln, and Mrs. Robert Pfeffer of Palmyra.

And only a few days ago the Rev. and Mrs. Belote had more guests in for an evening of leisure and conversation. The "around the fireside

chat" included Mr. and Mrs. Richard Grace (Mr. Grace is a new music professor at the University of Nebraska), the Rev. and Mrs. Marvin Herrick, the Rev. and Mrs. Donald Rose, and the Rev. Norman Stacey.

Absent from Indian Village this week are Mr. and Mrs. Kenneth Love, Jr. and children, Francis and Karen. The Loves are in Sedalia, Mo. visiting Mr. Love's parents, Mr. and Mrs. Kenneth Love, Sr. They expect to be gone about a week.

Bridge will be the order of the day tomorrow when Mrs. Edward J. Abbott entertains Mrs. James McGraw, Mrs. James McLaughlin, Mrs. William Roberts, Mrs. Joe Jelinek, Mrs. John Christopher, Mrs. Wayne LeBaron, and Mrs. Malcolm Cleland at her home on Otoe.

BISHOP HEIGHTS

Dinner guests Saturday evening at the home of Mr. and Mrs. Jack Watson were Mr. and Mrs. Stanley Wentz

Schenken Schapiro Ogust Reese
1♥ 2♣ 2NT Pass Dble.
3NT 4♣ 4♥

Opening lead—king of spades.

Psychic bids don't pay great dividends over the long run, but there is no doubt that they occasionally produce a sensational triumph.

This hand features a successful psychic made by Harold Ogust in the match between Great Britain and the United States during the final round of the World Bridge Olympiad played in Turin last year.

Ogust held the North hand and was playing with Howard Schenken against the great British pair, Boris Schapiro and Terence Reese.

Schenken opened with a heart and Schapiro overcalled two clubs. Ogust now bid two no-trump, deliberately suppressing his exceptional heart support in order to create the impression at the table that he had an everyday notrump type of hand.

Reese, fearing a misfit with partner, passed, and Schenken, unaware of Ogust's irregular bid, raised to three no-trump. Schapiro, with an eye to the vulnerability, bid four clubs, know-

ing he could not be hurt much with his freak hand. Ogust then bid four hearts, and Reese, having been silent up to this point, doubled, partly on his own hand and partly in reliance on partner's two bids. Everybody passed and Schenken made the doubled contract with an overtrick.

The smooth operation by Ogust, which took the opponents in completely, was all the more successful since it turned out that East-West could make a grand slam in spades against any defense!

It is not easy to place the blame for the disastrous result achieved by the British pair, and this question is left to the tender mercy of the reader. Perhaps East should have bid three spades over two notrump, or four spades over four hearts. Or maybe West should have taken out the double and bid four spades. Obviously, either something went wrong with the British bidding, or else Ogust's psychic bid happened to be so perfectly timed that it was unthinkably. The answer may be that it was just one of those things.

Sunday Wedding

With only the members of the families attending the ceremony, the marriage of Miss Jeannette Mae Ward, daughter of Mr. and Mrs. Homer D. Ward, to Kenneth Eugene Campbell, son of Mr. and Mrs. Virgil Campbell, took place at the Church of the Foursquare Gospel on Sunday afternoon, Sept. 24.

Miss Judy Ann Dutton was the maid of honor and only attendant, and her frock was fashioned of chiffon velvet in the horizon blue tone. John Moeller served as best man. Antique white damask brocade was chosen by the bride for her wedding gown. Beneath the sculptured bodice, designed with a jewel neckline, and full-length dolman sleeves, the slender sheath skirt was in daytime length. Her chaplet veil was held to the head with a pill-box hat of satin and she carried pink sweetheart roses on a white Bible.

POSTCARD

by

Stan Delaplane

The most interesting news in Bangkok is that an American cinema company is making "The Ugly American" here.

The star chosen for this ugly part is Marlon Brando.

You will remember the book: There were a number of pretty Americans overseas—Ambassadors, Congressmen and such. They were pretty to look at. But they were ugly as a monster picture on the inside.

They did not invite the natives to cocktails. (The Russian envoys were throwing vodka hi-de-ho every night.)

They behaved in the most ugly country club sort of way. And all of us at home in the country clubs were heartily ashamed of them.

The Ugly American was a only ugly to look at. Ooh, was he ugly! But he was polite as butter to the natives. And anyone could plainly see he was Grade A handsome inside.

This book became a best seller. It sold wonderfully in Europe—Europeans are delighted to see American authors razor hell out of their diplomats.

Mr. William Lederer, one of the authors, went on to write a similar thing, "A Nation of Sheep."

He is currently touring the Orient, looking for an Uglier American. Possibly for a book "The Son of Ugly."

I flew in from Hong Kong on Pan American's time-chasing Flight One around the world. (Because of jet speed and time changes, the daily flight leaves San Francisco at 9:30 in the morning and arrives at Bangkok at 11. Having stopped at Tokyo and Hong Kong.)

It is a rather ugly city with beautiful temples.

"Su-wa-dee," said the lady from the tourist bureau. "Which is the Thai way of

saying, 'Hello, goodbye, good morning and good night.' What do you wish to see in Bangkok?"

"I wish to see temple dancing girls," I said in the ugliest way possible. "The ones that twist their necks this way and that way. And wear cone hats with the gold antenna on top."

The lady said the classic Siamese dance was given several nights a week. It is given in the Ambassador night club in the Erawan hotel.

"Reservations may be made at the hotel desk. It is a great favorite with the Americans."

She drove us on a little sightseeing tour. She said the Thais are very active Buddhists. Some of the main shrines of the religion are in Bangkok.

"The Golden Buddha, the Reclining Buddha, and many others. There are 350 temples in Bangkok alone, 4500 in Thailand."

The temples are very ornate. They are sandwiched in between very shabby-looking stores in the main business district. Bangkok has a Chinese population of 40 per cent and the Chinese seem to have most of the business buttoned

up.

She said that Marlon Brando is very popular with the Thai girls. And naturally, everybody is waiting to see how ugly the makeup department will make him.

The American Embassy has not been overly cordial to the film company. They have not hindered them. But obviously, they are not going to provide settings for Hollywood to show how ugly they are.

I met a few Foreign Service people the other night at a reception.

Mr. Lederer came through here about a week ago. They didn't have any pretty words to say about him.

The Strongest Cold-Weather Starting Promise Ever Made To Car Owners In Skellyland...

SKELLY SAYS:

"You start or we pay"

under our Bonded Starting Plan"

Here's What Your Skelly Dealer Will Do To Get Your Car Ready For Winter:

1 Test your battery to make sure it has the deep-down "hot spark" starting power it takes to bring your car's engine surging to life fast—even on coldest sub-zero mornings!

2 Check your radiator—including hoses and clamps. Test anti-freeze. Put in enough Skelly Premium Anti-Freeze to protect cooling system for temperatures in this area.

3 Drain your old motor oil and refill with Skelly Supreme or Skelly Fortified Tagolene HD Motor Oil in the correct grade for your car for winter driving in this area.

Read Why Skelly Can Assure You Of Fast, Sure Winter Starting In Cold, Sleet, Snow... Like The "Good Old Summertime":

Many people have said, "You'd think Skelly would lose its shirt on that 'You start or we pay' offer. How can they possibly back up such a statement?"

The secret is in a combination of advanced Skelly products and vital winterizing services described above—and the way they work together to get your car started fast and keep it running safely, day after day, all winter long—no matter how cold it gets.

Whether you drive a big car or a compact, what-

ever the age of your car, whether you park inside or outside, you can't afford not to take advantage of this challenging Skelly offer. There's nothing else like it anywhere in this area. So why wait? Why worry? Now is the time to get the jump on winter starting problems.

See your Skelly Dealer now for full details of the Skelly Bonded Starting Plan. It's the simplest way you'll ever find to assure yourself a fast start, a sure start—a genuine Skellystart—every time you start—all winter long.

4 Check your transmission and differential and, if needed, refill with guaranteed Skelly lubricants recommended for safe winter driving.

5 Fill your tank with fast-starting, high octane Skelly Keotane or Skelly Regular Gasoline—"tailormade" for winter in this area. Both give you Anti-Frost at no extra cost to prevent stalling due to icing in your car's fuel system.

Groza's Late Fielder Ups Browns, 20-17

... GAME CARDINALS BOW

Cleveland (P) — Golden-toed Lou Groza came off the bench Sunday to kick a last minute 19-yard field goal and give the Cleveland Browns a 20-17 victory over the St. Louis Cardinals.

The 37-year-old veteran's 3-pointer, his 4th of the year, put a climactic finish to a fumbling, injury-riddled contest played in 88-degree temperature.

The Cardinals broke away to a 14-point lead in the first half as they converted a pass interception and a fumble into touchdowns. They scored a field goal by Gerry Perry in the 4th period following a pass interception.

The Browns, who fumbled away last week's opener against Philadelphia, appeared on their way to do it again as the stalwart Cardinal defense and line-shooting backs stopped the Cleveland cold in the early going.

Sam Etcheberry, St. Louis rookie quarterback who spent 9 years in the Canadian League, hit Sonny Randle

Detroit 7-5

Los Angeles (P) — Outfielder Ken Hunt dropped a fly ball with two out in the 10th inning Sunday, letting in two runs and giving the Detroit Tigers a 7-5 victory over the Los Angeles Angels.

SPAHN NOTCHES 12TH 20-VICTORY SEASON

Milwaukee (P) — Fabulous Warren Spahn became a 20-game winner for the 12th time Sunday as the Milwaukee Braves divided a doubleheader with the Chicago Cubs. The 40-year-old marvel pitched a two-hit shutout to win the first game 8-0 after which the Cubs came back to score a 4-2 victory.

Spahn thus tied Walter Johnson for 3rd place in number of 20 victory seasons and closed in on the National League record of 13, held by Christy Mathewson. The major league high is 16 by Cy Young, who did it 10 times in the National League and 6 times in the American.

Also, Spahn climbed into a tie with Hoss Radbourne for 11th place with a lifetime total of 308 victories, and improved on his National League mark for left handers by pitching his 55th shutout.

This is the 6th consecutive time Spahn has won 20 or more games.

PIRATES TIP PHILLIES, 4-3

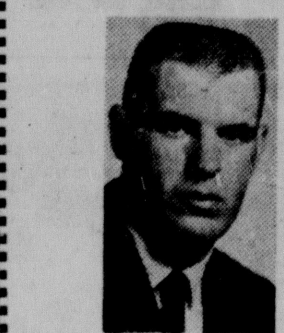

Philadelphia (P) — The Pittsburgh Pirates put together a fourth straight win by defeating the Philadelphia Phillies Sunday in the final meeting of the National League season between the teams.

'Graybeards' Lead Giants Past Steelers, 17-14

Pittsburgh (P) — Chuck Conerly, Pat Summerall and Y. A. Tittle, a trio of graybeards, led the New York Giants to a 17-14 triumph over the Pittsburgh Steelers Sunday in a National Football League game under a blistering sun.

Conerly and Tittle passed for one touchdown each and Summerall kicked a 19-yard field goal and two conversions to give the Giants their first NFL victory of the season. It was the Steelers' second straight loss.

Interference penalties led to both Steeler touchdowns, one in the first quarter and the second in the 3rd period. The Steelers almost pulled out a victory in the waning moments, only to see second-string quarterback Rudy Bukich fumble after hitting on his first and only pass for 23 yards to John Henry Johnson on the Giant 26.

Two plays later Bukich was

more games. Before starting this streak in 1956, he broke the 20 barrier in 1946, 1947, 1949, 1950, 1951, 1953 and 1954. Oddly, he was stopped at 20 only once up to this year.

With 308 victories, Spahn is within 17 of the major league record for left handers, held by Eddie Plank.

Cowboys Vanquish Upstart Vikes, 21-7

... DALLAS 2-0 IN NFL

Dallas (P) — Don Meredith's running and passing and the blistering dashes of Don Perkins and Amos (forward) Marsh carried Dallas to a 21-7 victory over the upstart Minnesota Vikings Sunday and kept the Cowboys at the top of the National Football League.

Meredith ran 20 yards for one touchdown and passed to Marsh on a screen that gained 19 yards for another.

Perkins, who romped 108 yards on 17 carries, sped 47 yards to set up the first Dallas touchdown. The Cowboys surged 80 yards for the second with Meredith passing

hit by Andy Robustelli and fumbled. Jim Kataevage picked up the loose ball and ran 28 yards to the Steeler 23 where the Giants ran out the clock with about a minute left.

Bowling Clinic

By Billy Sixty

In the perfect golf down-swing, the left shoulder comes up and the right shoulder goes down and forward until it nestles under the chin.

The drop of the ball, I can assure you, is the movement that eliminates almost all chance of error. Keep footwork going and the momentum of the ball will cause it to catch up and pass the sliding left leg in perfect timing at the foul line.

One more thing about letting the ball drop into a down-swing slot: It will regulate ball speed and make bowling effortless. Work on it. It will pay off in more strikes and greater fun.

Punt Returns Propel Titans

New York (P) — Two punt returns of 70 and 64 yards by halfback Dick Christy helped the New York Titans stampee the Denver Broncos 35-28 in an American Football League game Sunday.

Chargers Charge By Houston, 34-24

... 6 INTERCEPTIONS HELP

San Diego, Calif. (P) — The undefeated San Diego Chargers capitalized on 6 pass interceptions in defeating Houston's Oilers' 34-24 Sunday, running their string of American Football League victories to 3 before 29,210 fans.

Houston rolled up 19 first downs to only 7 for the Chargers, but the aerial thefts by San Diego stopped numerous Oilers bids.

San Diego's scoring was highlighted by a 74-yard return of an intercepted pass by Charlie McNeil in the second period. He grabbed off a toss from George Blanda of the Oilers and raced all the way down the sidelines.

San Diego's 4 touchdowns, all coming in the second quarter, put the Chargers ahead 31-3 at the half. Substitute quarterback Jack Lee passed for all 3 Houston touchdowns, and San Diego quarterback Jack Kemp contributed two scoring passes, both in the second quarter.

Late Texan TD DownsValiant Raiders 42-35

San Francisco (P) — Halfback Johnny Robinson sprinted 13 yards for a touchdown with 1:55 remaining Sunday as the Dallas Texans snapped back for a 42-35 victory over the stubborn Oakland Raiders.

The tally, climaxing a 69-yard drive in 5 plays, nullified a go-for-broke two-point conversion which only 3 minutes before had put the underdog raiders into a 35-34 lead.

Rated to lose by 3 touchdowns and playing their first game under new coach Marty Feldman, the Raiders had led 20-7 midway in the second period and 20-14 at the half.

DID YOU KNOW THIS? IT'S A FACT:
The average maximum April temperature in the Volcanic Republic in West Africa is 103 degrees. Humidity is frequently only 12 to 16%.

Members of the Canadian Senate are not voted into office by the electorate but are nominated for life by the governor-general.

Dr. Alexander Graham Bell, inventor of the telephone, had an air-conditioned room in his Washington home in the early part of this century. Bell installed a refrigerator in the attic, filled it with salt. An asbestos-walled duct led the cold air down to a room which he used as a retreat.

In the 300s the Emperor Constantine raised the first large basilica over the grave of the Apostle Peter.

Dragonflies eat huge numbers of mosquitoes, gnats and flies in both their larval and adult stages.

DAILY CRYPTOQUOTE
Here's How To Work It
One letter simply stands for another. In this example, A is used for the three L's, S for the two O's etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

CROSSWORD PUZZLE
Saturday's Answer

WISHING WELL By William J. Miller
This is a practical little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you. (Distributed by King Features, Inc. Registered U.S. Patent Office)
